

## RECEIVE ENERGY UPGRADES FOR YOUR SMALL BUSINESS

*Energy efficient lighting saves money while also creating an inviting experience for patrons of Obanke Beauty Supply.*

Obasi Obasi, the owner of Obanke Beauty Supply in San Pablo since 2007, partnered with **BayREN Business** to upgrade his store.

In a beauty supply store, lighting is crucial for product display. BayREN contractors replaced the existing T8 fluorescent lighting with new high-efficiency LED lighting at no cost to the business.

Now, Obasi has better, more efficient lighting for his clients and the business will save almost \$2,000 per year on its energy bill.

*"BayREN has enabled me to save money. The new lighting is low maintenance and much brighter which is better for the business."*

*- Obasi Obasi | Owner, Obanke Beauty Supply*

### BENEFITS

**\$3,560 BayREN rebates** made the upgrade free of charge

**\$1,876** in annual electricity savings for Obanke Beauty Supply

Project costs, incentives, and out-of-pocket expenses vary by business and equipment upgrades.
